A. E. Foxwell Gives Report Of School Trustees Convention

Education in Alberta costs the big amount of eight and a half million dollars yearly. Such was the statement made at the recent convention of the Alberta Schools Trustees Association held in Edmonton. Mr. A. E. Foxwell being present representing the Chauvin Public school.

At the opening session Wednesday, February 6th Mr. King, of Raymond chairman of the convention gave a brief address outlining the details that would confront the delegates during the session. Educational addresses were given by C. J. Yorath, city commissioner of Edmonton; and also by E. Pinchbeck, secretary-treasurer of Alberta Association of Municipal districts. Mrs Rodgers read the report of the secretary-treasurer for the past year, which was passed without much discussion.

The needs of co-operation between municipal councils and school boards was the subject of Commissioner Yorath's address. This was of more particular interest to city school trustees. It also said that while the right to legislate was controlled by the government, practically 95 per cent of the cost is provided for out of the taxes. The provincial government only contributing about 5 per cent making the burden to the cities a very heavy one. Many people are forgetful of this, as their example for spending money is the city of Edmonton.

According to Mr. King, the cost has increased as well as the number of enrolled scholars. If steps were not soon taken the position would become unbearable and collapse was imminent.

Mr. Pinchbeck, in speaking on economy, pointed out the great need of curtailment of public expenditure in every phase of public life. Education however, was the last thing we could afford to sacrifice, because of its inestimable value to the growing generation. So long as we can afford to pay surplus legislators, and gasoline for pleasure, so long has the child the inherent and undesignate right to his education.

Mr. Pinchbeck outlined reasons for many schools having been closed, he stated that some of these schools have had difficulty in keeping open owing to the failure of the municipalities to forward the amount of the requisition other schools would have had to close but for the timely assistance given by their municipalities.

In connection with the school rate of taxation Mr. Pinchbeck said that it was a problem as to whether the municipality or the school should fix the rate.

Dr Lovering of Lehlbridge, gave his viewpoint of city commission and city school trustee which was warm at times. He did not like to see all the blame of increase of taxation placed on schools, when they had money-losing street cars, costly recreation parks and other municipal ventures that were more to blame for the increased cost to taxes. He was very much against the idea of doing away with free education for every child, no matter whether it is for the child of the poor man or the child of the millionaire.

The afternoon session was devoted to resolutions. Amongst these the mortality was very heavy. The first

Wedding Bells

DALLYN-BURTON

The marriage of Miss Sadie Burton eldest daughter of Mr. and Mrs. Geo. Burton to Mr. Ross Dallyn, third son of Mr. and Mrs. John Dallyn both of Ribstone, Alberta was solemnized in the L.D.S. church on Wednesday afternoon February 13th at 4 o'clock.

Edgar William Osler, President of the Alberta District officiated assisted by Elders J. R. Peckley, officiating Elder and President of the Ribstone church. Mrs. L. L. Pound acted as organist and played a most stirring wedding march as the bride entered the church bearing upon her father's arm. The church was very prettily decorated for the occasion and the service was most impressive. The bride wore a dress of white satin artistically draped with lace and tiny embroidered roses of pink crepe de chene. A wreath of orange blossoms and veil adorned her head and white satin slippers upon her feet. The bride carried a magnificent bouquet of white and pink carnations interlaced with maiden hair fern.

Miss Belle Burton sister of the bride was bridesmaid and wore a sweetly pretty peach color crepe de chine dress and a belt trimed with a lovely spray of flowers and long beaded ribbons hanging from the right side. Mr. Clifford Dallyn brother of the bridegroom was best man. The church was filled to capacity. After the ceremony Mrs. Pound again played a very fine march whilst the bride and bridegroom were leaving the church. In the aisle stood a small table with a small gift basket containing a little gold bracelet which his gift to the bride. Made a pretty ox eye ring with pearl centre and the best man a pair of gold cuff links.

A bountiful wedding breakfast was prepared in the municipal hall to which 55 guests were sumptuously entertained. After the tables were cleared, all kinds of games were indulged in by old and young for the remainder of the evening.

The wedding presents were very handsome and most useful including cut glass, silverware, table linen and monies to the value of \$44.

As the bride and bridegroom were leaving the hall en route for the west bound train they were perfused with rice and hearty good wishes showered upon them. Many were the friends and relations on the platform to see them off on the train to Edgerton and from there the happy couple would start on their long journey to Detroit U.S.A. the following day where they intend to make their home.

Local Notes Of Interest

Miss Hazel Park left for Hamilton, Ont., Thursday last, where she will take up office work.

Very keen interest was displayed in campaigning for the municipal elections last week.

Mr. C. G. Forryan was a visitor to Calgary last week. He attended the annual L.O.O.F. Grand Lodge meetings as representative from Chauvin.

The Chauvin Orchestra is deserving of a word of praise. Anyone who had the privilege of listening to them last Friday evening can tell you that they are giving music away better than ever. In fact they are equal to most any orchestra we could import from the larger centres.

Merton Election Results

Polling in the M. P. Merton 451 resulted in the return of all the old councillors, and the results appear to show the complete endorsement of the taxpayers of the council's policy of retrenchment and economy.

The following results are given: Councillor for Div. 3. W. Heard " " " " J. L. Gennard " " " " A. Carson Hospital Representative. A. Carson. The new Council will meet on Thursday March 6th at 2 p.m. in Wilsons school house.

In Memoriam

In loving memory of our dear son, Frank Simpson, who died February 16th 1924.

We shall go to him but he shall not return unto us."

Chauvin Bonspiel Notes

Chauvin folks were around good and early Monday morning in readiness for the Bonspiel. Both the early and noon trials brought visitors for the event.

"Curling is a slippery game on ice" said one of the skips as he finished the game.

Drawing for positions in the Chauvin Bonspiel was made Saturday night.

The early morning and noon trials on Monday each brought a strong contingent of curlers from western points.

You have to hand it to Wainwright. This town sent two links to Chauvin and one to Tofield. Both Skips held the same day.

The stalwart enthusiasts of Pro-Sport showed an excellent spirit. The spirit of the game was more to them than the winning of prizes. Instead of concentrating their strength they sent in four full ranks.

The weather was warm, but fortunately the ice stood up in good shape on the keen side.

Play started Monday morning, the Vanderlip event being the first on the program.

Newstead of Prosperity met McKechnie. The advantage at the beginning being with the home team as the visitors got accustomed to the ice their play improved, but we not able to get level with their opponents. Their play was better than the score would indicate.

The first event on the second sheet of ice was Sprattis vs. Stewart. The score ran up quicker in this match but Stew held his own against his worthy opponents.

The Hassell rink struck a vein of good fortune by getting a bye in the first round of the Vanderlip cup with a second game by default.

Ribstone, under Wilde's leadership got away with a good start against Reynolds. Despite the careful game of the home team, Wilde held his own to the end, winning 19 to 8.

Ribstone Election Results

I. David E. Cahill of the District of Chauvin in the Province of Alberta, Returning Officer for the Municipal election held on February 23rd 1924, do hereby declare that I have counted the votes for each candidate as follows:

ESTABLISHED 1924

DIVISION NO. ONE

Belanger, Arthur..... votes 34

Meurin, Daniel..... votes 34

DIVISION NO. THREE

Daly, John..... votes 54

Lang, E. B..... votes 81

And I further declare the said Daniel Meurin, duly elected as Councillor for Division No. One, and the said E. B. Lang duly elected for Division No. Three, both for the full term of two years.

Special Meeting Of Ratepayers Of The Brady School District

A special meeting of the ratepayers of the above school district was held in the school on Saturday afternoon February 16th, called for the purpose of protesting against the exorbitant salary paid to the teacher. In opening the meeting Mr. James W. Coe said that he hoped the meeting would be conducted in as amicable spirit and that every one would be good friends after the meeting, even if they were on opposite sides of this question. It was the duty of the meeting to select their own Chairman and Secretary, and he called for nominations for these offices. Mr. George Masson was elected chairman and Mr. K. W. Coe as Secretary.

Mr. H. L. Johannes asked that the minutes of the Board meetings held since the Annual be read. This was done by Mr. John Paterson (Secretary of the Board), and in commenting on these minutes Mr. Johannes said that he would like to ask the trustees: "Why they accepted Miss Gladney's resignation." They had decided to advertise in the Saskatoon "Star," but this advertisement had only appeared on one occasion, and it was not surprising that they had no applications to it, only that of Miss Gladney's. On the 22nd they decided to advertise again, but on the 23rd it was informed that Miss Gladney said she must have an answer that night as she had another school offered and wished to come to a decision. On the 24th he heard that she had been reengaged at a salary of \$1400.00 per annum. He also asked "Did the Board have a special meeting in order to decide this matter?"

Mr. George Lawson thought they should ask each person who signed the petition calling this meeting to state their reason for doing so. Most of those when called upon stated that they considered the salary too high.

Mr. Max Graham said the reason that she signed the petition was that she understood that the teacher had made a verbal announcement that she would teach the school for \$1300.00.

Mr. John Graham said that she thought they could engage a teacher of better qualifications for less money. Mr. John Graham (I) complained that the teacher had not handed in her resignation until after the Annual meeting.

Mr. James Casey spoke in favor of the trustees action, basing his argument on the fact that if this salary was reasonable two years ago it was reasonable now.

Mr. George Lawson said that if the district agreed to pay Miss McGladney \$1400.00 two years ago when she was teaching 50 per cent less pupils why object now. He quoted the salary of the Secretary of the Municipalities as being the same as it was two years ago and remarked that the peak of high prices did not have anything to do with it.

Mrs. Thomas Braundick thought that the salary they were paying was not any too much.

Mr. George Masson vacated the chair in order to say a few words. In the course of his remarks he asked the reason why Miss McGladney's resignation was not in the hands of the Board prior to the Annual Meeting. Was it so that the ratepayers could not discuss it at that meeting. He stated

Notes From The North East

We congratulate the Municipal of Manitou Lake on its excellent financial standing, and hope that it may long continue. In these congratulatory notes we must also include our energetic and worthy secretary (Mr. J. Bradley), as well as in Reeve and Council, not forgetting the people who made this good showing possible.

We are exceedingly pleased to announce that Mr. C. A. C. Hann (who did such valuable work in our community) has accepted a call to go to Ontario to supply spiritual needs this year.

Mr. Hann has again been appointed to the Chauvin Mission, and will include Prism in this field.

We had a great meeting at Cliff regarding telephone matters, but the meeting to be addressed by the Hon. A. P. McNab, did not materialize.

How about it Neilburg "Sotes?"

Manitou Lake Ladies Aid

A very enjoyable and successful whit drive took place in Brady school on Friday evening last under the auspices of the Manitou Ladies Aid. There was a large crowd present. 12 cables being occupied. There were 20 hands played, and Miss Johanna Paterson with a score of 146 won the first lady prize. Mrs. Carl Gabriele being second, while Miss Alice Masson secured the "booby".

After a lunch had been served by the ladies of the Aid dancing was indulged in until well into the morning. Mr. George Masson and Mr. Harold Martson, (No. 1 Editor) were responsible for the musical entertainment.

The ladies also had a tea party, and the proceeds were used to help the people who found it hard to elude his grasp. The ladies have something to look forward to next month so look for details in a later issue.

eight were lost; amongst these was one to remove penalty for non-attendance of pupils from a long distance in severe weather, another that arithmetic be taught in grades nine

and ten; another that no grade above eight be taught in a one-roomed rural school; and one from Sulphur Springs that schools be inspected at least one year by inspector and certified by a member of the local trustees board.

A resolution from Hardisty calling for a revision of inspection requirements and establishment of inspection divisions was tabled.

The thirteenth resolution was the first one to pass. This required that a parent residing in an unorganized school district sending a pupil to an organized school be liable to the same educational fee as the resident taxpayers of the organized school district.

Mr Powers brought in a resolution to have the inspectorate staff brought up to full strength. This was lost: 147 For; 158 Against.

Mr Dunn, medical inspector of the Edmonton district spoke, dealing with simple and inexpensive health suggestions, saying the school room should have lots of fresh air, thermometer around 68 degrees. The scholars should have one hour play every day in the open air. And much other useful information was given in this instructive address.

The feature of the evening session was a very interesting address by Dr. Tory, president of the University of Alberta. After which followed an illustrated lecture by Rev. J. A. Clarke, First Baptist Church, Edmonton.

The following morning the convention sat in two sections: city and rural. The rural and village school section was by far the largest. The first resolution to pass was that the fall grant be given to schools where the work is satisfactory, and passed by the inspector, where the attendance does not fall below 12 pupils.

After an hour of discussion, resolutions were resumed. Much was said about the relationships of mun-

Edinglassie U. F. A.

icipal and school districts during this It was resolved to ask the government to appoint a representative commission to ascertain the cost of elementary, secondary and higher education in the province.

A resolution from Sulphur Springs for a mill tax of \$2.00 per year on all male persons in Alberta was lost.

Two resolutions from the New Rivo- stone School District were among those left over for further consideration.

The matter of raising village poll taxes from four to six dollars; also the minimum enrolment of the rural high schools being reduced from 15 to 12 (and if below 12, a proportional grant be given, were each passed.

A delegation from the Irma rural told the convention of the successful working of the Irma Rural High School scheme and was accorded a very close attention by all delegates present. Under the Irma plan some 23 children were now receiving a high school education in their home town at a very low cost, and at the same time were able to go home daily, or at the week ends as they wished.

Each rural school desiring to gain the advantages of this scheme entered a rural high district which had been organized from the combined districts. In this way the costs to the ratepayer have been kept down to a minimum. At the same time it has been found possible to provide in the home town a standard of education seldom given outside the city school. The people of Irma district had expressed their entire satisfaction with the scheme now that it has been given a trial.

Edinglassie U. F. A.

Why Ford Predominates

VALUE

From 1904 until 1923 the Ford Motor Company of Canada Limited, manufactured 450,000 Ford cars and trucks of which 91% are still in use. More convincing proof of their built worth could hardly be given.

Selected materials, simple design and accurate workmanship are factors in this long life. They explain the high utility and operating economy of the Ford when new. And they also give it the ruggedness to withstand the wear and tear of daily driving year after year.

This long life means slow depreciation, sustained value, satisfactory performance from your Ford while you continue to drive it, and a measurable resale value when you wish to dispose of it.

It means that the Ford gives you unusual value per dollar invested, not only this year but for a long term of years to follow—means that when you select the Ford you obtain approved security for the dollars you invest.

Special Meeting Of Ratepayers Of The Brady School District

(Continued from Page One) that it had come to his knowledge that one of the Trustees (Mr. George Lawson) was aware of the fact on January 11th that Miss Gladbury was prepared to teach the school for \$1300.00, and should have brought this to the attention of the Board. Mr. Mason then proceeded to quote figures from the other schools in the municipality showing how many children they had and what salary they were paying their teachers.

Mr. Carl Charelson said the salary was very low taking into consideration the fact that if they had engaged two teachers the cost would be much more and the school called for this by its size.

Mr. James W. Cox (Chairman of the Board) said they were going to have over 40 children going to school this year. He had no knowledge of Miss McGladdery's resignation until after the Annual Meeting. They had accepted the resignation because no other course was open to them. The advertisement was only in the "Star" for one day but that was no fault of the Board but of the publishers. He admitted the meeting of the re-engagement of Miss McGladdery was not legally called, but pleaded expediency. He appealed to the parents of those children between the ages of 5 and 7 not to take away the chances of the other scholars by sending the little ones to school before it was necessary.

Mr. George Lawson (Trustee) said

that he was in favor of increasing the teacher's salary, owing largely to the number of children attending the school. He was aware that the teacher would accept \$1300.00, on January 11th. If you hired a teacher at \$1100.00 per year it would be false economy. He was convinced that a satisfactory teacher would not be obtained for \$1100.00 per year. He would like to see the whole district behind the teacher.

Mr. Andrew Helm (Trustee) had nothing to add.

Miss McGladdery said that she sent her resignation on January 10th in order to give the trustees the necessary 40 days notice before the opening of school on the 11th of February.

Mr. Johannes then submitted the following resolution to the meeting seconded by Mr. John A. Graham: "That the Board take up the matter of salary with Miss McGladdery with a view of a reduction of same".

An amendment was moved by Mr. John Graham, seconded by Mr. Thomas Brannick: "That the teacher's salary remains as arranged by the Board". On a vote being taken the amendment was lost by 17 votes to 9, and the resolution carried by a vote by 17 to 8.

After the resolution was passed Miss McGladdery refused to accept any reduction, and Mr. Cox said that if these negotiations were persisted in he would resign his position as a trustee.

Mrs. J. A. Graham asked why Mr. Lawson did not bring the matter of the teacher being willing to accept \$1300.00 before the Board.

Mr. Lawson: Because the matter was not settled that night.

Mr. J. W. Cox: This matter was not brought to the attention of the Board at any time.

Mr. Lawson thought that Miss McGladdery was an extraordinary teacher in an extraordinary school. The teacher to be successful must be born. Some who teach for 40 years would never become teachers.

Mr. Cox said that he took the passing of the resolution to be a vote of censure on the trustees, and from school board to parliament this meant that those in power should resign. However they could not compel the trustees to resign, but he would abide by their decision and resign altho he had consistently opposed any increase in the teacher's salary, yet he had to stand by the board with regard to this resolution, and he felt it his duty to resign.

The remaining trustees did not fall in with this and in the end Mr. Cox was prevailed upon to withdraw his resignation.

Killarney Club Organized

A meeting for the purpose of forming a club for the mutual enjoyment and benefit of the young people of Killarney was held in Killarney school on Friday February 22.

Theon Armour was proposed as chairman pro tem and she gave a brief outline of the objects of the club.

Nominations for the offices of president, vice-president and secretary were given and voted on.

Miss Edna Nelson was elected as president; Andrew Armour was elected as vice-pres. and Theon Armour was elected secretary.

Out of four other suggestions "The Happy Hours Club" was chosen as the name of the society which will henceforth be known as the H. H. C.

The H. H. C. is a Canadian club and therefore the colours chosen had to have some bearing on the maple leaf, which is the emblem of Canada. They are brown, red, and green, these being considered most suitable.

On motion of Alwin Cyr—Jeanne Rouillard, That a newspaper be made from contributions of the members and edited by the secretary. Carried.

On motion of Orval McEwen—Tom Armour Jr., That the paper be called the "Happy Hours Herald." Carried.

On motion of Alvin Cyr—Jeanne

Rouillard, That account of meetings be put in Chauvin Chronicle. Carried.

Permanent motto chosen for the club was "Play up, play up, and play the game."

On motion of Tom Armour Jr.—Alvin Cyr, That we sing old songs for five or ten minutes each evening. Carried.

On motion of Tom Armour Jr.—Alvin Cyr, That the meeting adjourn. Carried by large majority.

Sport

Chauvin during the last three days has been given over to the spirit of sport; and a real good spirit it is.

Forgotten for the time, are the daily cares, labors and chores; forgotten for the time, are our many differences, political and economical; forgotten for the time, are hard times. Forgotten, play all of them in healthful play—play which makes "brothers" of us all, and places the rosy tints of health and enthusiasm on our faces—play which makes life a pleasant experience.

Chauvin's "Spiel" has proved, in the truest sense, a success. A success, not because of the monetary value of

the prizes, nor for the money which has been spent, but for the reason that every participant enjoyed the game for the game's sake.

The good showing made by the Prosperity team leads us to hope that other districts will follow their lead and adopt the game. Why should there not be at least four rural districts organized next year?

We have got the men. Ice is very cheap in this country, and surely we are not so "stoney-broke" that we can't get rocks.

We're Well Off

We, in this country, are living in clover, and don't know it," said our good old friend W.C.B.—P.S.—dmcJG good old friend Ripley, of Edgerton, to us at the rink the other day. We assented to his remark. How could we do otherwise?

Ripley is a good level-headed scouter, knows how many peeps make five. He's an impudent man, it's true—but he knows how to do a good turn to one who needs it. Not only knows how, but does it. Ripley has just returned home from a trip to the east—he kept his eye open whilst he was there and saw them for himself. And he has a tale to tell—a plain straight forward tale of hard times for the man out of a job—a tale that will make you glad you are in this district. No boasting, mind you—just honest plain truths.

If you can get into touch with Ripley, he'll turn you into a reasonable optimist in a short time.

Chauvin Bonspiel Notes

Jef Swan, with his merry whistle got a good start against Code, leading nine to four in the sixth end. Code recovered confidence and chalked up a three, then a four, then a five. Still Jeff whistled and played game but was unable to recover the lost lead.

The fans watched with great eagerness the progress and finish of the Craddock—Keith game. Here Keith got away with a small lead, Craddock recovering this was tie at the tenth end. The eleventh end was a pretty display in which Keith showed some good judgment by playing his last rock "safe."

Hassell's good fortune in drawing a bye was to some extent mitigated by the fact he had to meet a strong opposition from Walnwright under Headland. However, they put up a good fight and contested every inch of a well fought game against a big score by their opponents.

Ribstone entered the jewelry class by inflicting a savage defeat upon Pigeon.

Code has a way of cinching a victory by piling up six in the house during the last end. Nothing like making sure of a good thing.

Ripley, who has just returned from the east, tells that the eastern men are sure they can chase the ducks off the mill pond. Ripley holds an entirely different opinion. The eastern game is played with 75lb irons and is wick and lay. The western game demands more skill upon the harder ice.

Owing to the large number of entries it was found necessary to devote three days to the Chauvinspiel instead of two as originally intended.

Prosperity's star was ascendant Tuesday afternoon. Hassell defeating Code; and Newstead defeating Pigeon.

The draw for the Consolation was made Tuesday afternoon, five rinks being entered therein.

Who are the "Hams" and who are the "Hammers"? For answer refer to the Vanderlip finale.

Enthusiasm prevailed right through to the end of thespiel. The numerous fans at the closing games gave evidence of the continuity of interest.

Ribstone may well be proud of their progress in the Vanderlip competition defeating both rinks from Wainwright. Their game against Headland being particularly strenuous.

Well done Headland. Hope you get a big thing out of those oil shares.

Here's to Ribstone! You're surely the Vanderlip trophy.

Thanks, boys for coming to our spiel. Hope to see you all here again next year.

LUNCH COUNTER CARS ON NATIONAL

LUNCH counter cars which will care for the needs of passengers in the colonist, first class and tourist cars of the main line trains, and the decked passenger cars, are to be operated by the Canadian National Railways for the convenience of the travelling public, and particularly of immigrants arriving in Canada. As an experiment, lunch counter cars have been placed in service between Winnipeg and Toronto.

While these cars are for dining cars, and while the Canadian National Railways also have lunch counters and restaurants at all divisional points, it is considered that the public will be able to get a great benefit to women travelling with children and to others who may be physically unfit or unable to leave the train at stations because of severe weather, or for other reasons.

The suggestion of the lunch counter cars was made by Mr. Walter P. Geddes, President of the Dining, Sleeping and Parlor Cars of the Canadian, who has been anxious to provide this facility to further improve travelling conditions and add to the comforts of passengers on the Canadian National Railways.

ALL FARES, PLEASE!

The conductor took up his duty of taking the collection at his place of worship for the first time.

There were several children in the first pew, and each put in a small coin. The people in the next pew also contributed something. A big giant man was alone in the third pew. The collector passed him the plate, and the man shook his head and stuck his hands deep in his pockets.

The conductor stopped, put up his hand as though to ring the bell, and amid the muffled titters of the surrounding worshippers, said, "Well, you'll have to get off!"

"I understand that you and Margaret are married and happy?"

"Yes; that is she's happy, and I'm married."

"Daddy, did Solomon have seven hundred wives?"

"Yes."

(Pause for reflection) Then:-

"Daddy, why did they call him the wisest man?"

**Successful Night
At Fram School**

The 2nd whist drive and social of the season was held in Fram School on Friday evening February 15th, and a very enjoyable evening was spent. Prior to the social a meeting was held at which there was a good attendance of members. The business was quickly disposed of and the room cleared for the cards. The first ladies prize was won by Miss Rose, after a tie with Mrs. K. W. Coo, Mr. Dick Hanson winning the pants. Mrs. P. S. Wogberg got the ladies booty, and Mr. Elmer Nettress the gents. Lunch was served by the ladies and dancing commenced. A splendid time was spent and the committee have decided to have one of these entertainments at least once a month. The next however will take the place of an ordinary meeting when the secretary (Mr. K. W. Coo) hopes to have a special speaker present to address the members. This is timed to commence at 7.30 p.m. in the school, and a light lunch will be served by the ladies. Fixed for Saturday evening March 1st we hope to have a specially good turnout.

Where there's a will there are ways—one right and one wrong.

**JUDICIAL SALE
OF FARM LANDS NEAR
CHAUVIN, ALBERTA**

Pursuant to Judgment and final Order for Sale there will be offered for sale subject to the conditions and reservations expressed in the original grant from the Crown or in the existing Certificate of Title, and subject to all seed grain leases whether registered or not, of which particular will be given at the time of sale, and subject to the taxes for the current year, and excepting mines and minerals, with the approbation of a Judge or Master of the Supreme Court of Alberta, Judicial District of Edmonton, by George F. Reynolds, Auctioneer, at the town of Chauvin, in the Province of Alberta, on Saturday the 22nd day of March 1924 at the hour of two o'clock in the South-East Quarter of Section Fourteen (14) Township Forty-three (43) Range One^W (1) West of the Fourth Meridian in the Province of Alberta, containing by admeasurement One Hundred and fifty-eight (158) acres more or less. Reserving thereout and therefrom (if any) all mines and minerals.

The vendors are informed that the property is situated four and a half miles from Chauvin the nearest village, which is also the nearest Depot and Post Office, 11.4 miles from Binske elevator the nearest Grain Elevator, and about three miles from Airlie School, the nearest school. The land is rolling and hilly, with about 60 acres of small scrub and poplar. The land is a rich dark loam, 11 inches deep, with clay sub-soil. Thirty acres have been cultivated. By clearing about 15 acres of scrub and poplar an additional 70 or 80 acres can be broken. The cost of clearing and breaking this additional acreage would be about \$6 per acre. The balance of the quarter section is suitable only as pasture land. There is no well or water on the land. The land is all fenced with two wires but only the fence on the south and east sides belong to the land. There are no buildings on the land.

The sale is subject to a reserved bid which has been fixed by the Master. TERMS. Ten per cent of the purchase money is to be paid at the time of the sale and the remainder of the purchase money is to be paid into Court within sixty days without interest or in the alternative a deposit of ten per cent as aforesaid and a Mortgage may be granted for _____ years at _____ per cent per annum and the balance of the purchase price to be paid into Court within sixty days without interest.

In other respects the terms and conditions of sale will be the standing conditions of sale of the Supreme Court of Alberta as approved by the Master.

Motors Blanketed:
Horses Shivering:
Says J. J. Russell

A row of motors were noticed not long ago, parked along a street, each one carefully blanketed, nearly stood two or three horses without blankets shivering in the icy wind. The psychology that blankets a car and allows a horse to shiver is something to study. Of course the same person did not do both, but from my own experience of human nature I believe it would be a safe bet that if the ownership were transferred they would not be the same. The simple reason is that the inconvenient effects are not so immediate in the chilled horse as in the chilled motor. The horse is able to start when urged, the motor will not and so they snugly tuck the warm blanket around the inanimate car while the horse looks on enviously wishing he were a machine.

Leap Year Customs

There are twenty-nine days in February this year, for 1924 is a leap year. A leap year is one whose number in the Christian era can be divided by four without a remainder, century years—1900, and so on—being excepted.

The necessity for leap years lies in the fact that the solar year consists of 365 days 5 hours 48 minutes, and therefore periodic readjustment is necessary.

The most famous custom associated with leap year in the one which gives women the privilege of proposing on the 29th day of February.

This privilege is legendary said to have been enjoined out of St Patrick by St Bridget. In more recent times the right has, apparently, been extended to cover the whole year.

Though it is woman's privilege to propose during leap year, there is a certain etiquette to be observed. According to an old authority, should the man to whom she offers her hand decline it she may claim from him a silk dress, but only if at the time of proposing she is wearing a scarlet petticoat and shows it to him.

According to a seventeenth-century writer, when a woman exercises her leap-year privilege "she must be entitled to the benefit of the clergy who doth in anywise treat her proposal with slight or contumely."

In parts of New England there lingers a curious superstition that in leap year beans grow on the wrong side of the pod.

"Come on," said the first flea, as he hopped from the brown bear's left foreleg; "come over and join me at a short game of golf."

"Golf!" exclaimed the second flea, hastily taking a bite of hyena. "Where in the realm of Barnum are we going to play golf?"

"Why," said the first flea, "over on the lynx of course."

RULES

GOVERNING SEED FAIR

1. All exhibitors must be members of Chauvin Agricultural Society.

2. In the case of wheat, oats, barley and rye, the exhibitor must have for sale, or for retaining for seed on his own farm, at least 50 bushels of wheat, oats, barley and rye. 5 bushels of potatoes, 25 bushels of flax.

3. In classes 1 to 12 inclusive one bushel of seed shall be shown; in classes 14 to 15 one-half bushel. All exhibits of seed shall be held to be representative of the total quantity of such seed offered for sale by the exhibitor.

4. No premium shall be awarded on exhibits that contain impurities in the opinion of the judges are of noxious nature.

5. An exhibitor can make more than one entry in any class.

6. All samples of seed must be labeled, after judging, with the name and address of the exhibitor, the name or the variety, the amount of seed for sale, and selling price.

7. The committee in conjunction with the judges reserve the right to deem any exhibit on which, in their judgement, a prohibitive price is placed.

8. Any exhibitor making entry under any of the above classes thereby guarantees that his exhibit is a fair sample of the seed he has for sale, and was grown on his own farm in 1923.

9. Before prizes are paid, each exhibitor will be required to certify that his exhibit strictly complies with regulation. In case of failure to do so the next in order will be awarded the prize.

In the event of less than three entries in any class, first or other prizes will only be awarded at the discretion of the judge.

11. The society will furnish poultry crates in the hall.

12. Entry fee shall be ten per cent of amount of first prize.

13. Potatoes may be selected.

Merton Council
Meeting: Minutes

Minutes of the Council Meeting of Merton M.D., No. 451 held in Winona Schoolhouse on Saturday February 16th; when all Councillors were present.

The minutes of the previous meeting were read and adopted.

The Reeve reported to Council on the various items referred to in the previous meeting in connection with Hosptial matters.

On Clr's motion the Council agreed o pay to J. W. Guy the sum of \$40.00 account for compensation for appropriation of Road through N.E. 22. In connection with the Reeves report; with reference to a letter received from Wellington M. D.; suggesting an interchange of grazing privileges and that this matter be left for new Council to decide. Carried.

The question of the payment of Dr. Campbell's indigent hospital account was left over till next meeting; the secretary being instructed to write the Department in connection with this matter.

Cir. Heard moved that A. Cornish be paid compensation at the rate of \$30.00 per acre, for land appropriated for road off the S.E. 36 47-2, carried. Secretary presented a statement showing the various parcels of land unredeemed from the Caveat filed in December 2nd 1922; the last

day of redemption being December 3rd 1922.

It was moved that Secretary proceed to apply for title to these lands by June 1st; and that the owner be notified by registered mail; of his arrears; and of his last chance to redeem. Carried.

The auditors Report and Financial statement for the year ending December 31, 1922 was presented to Council.

Secretary was instructed to make the necessary adjustments of overpayments or underpayments; as shown in the Auditor's statements.

After a full discussion Cir. Bennett moved that the Auditor's report and Financial Statement be accepted by Council. Carried.

Council then adjourned to meet as a Local Board of Health.

Secretary reported that the Medical Health Officer Dr. A. B. Cooke had written a letter suggesting that in view of the prevalence of infectious diseases in the district; he considers it advisable to close all public places in the infected areas. The letter had not been received but was in the mail; but gist of Dr. Cooke's suggestions were:

Council went into a long discussion as to ways and means of coping with the outbreak of scarlet fever; and other infectious diseases; and it was moved and carried unanimously that all schools be closed down for entertainments and public dancing until the 6th day of March 1924 inclusive. It was pointed out that this resolution would not interfere with the operation of the schools for purposes of children attending school nor would it prevent business meetings.

It was also moved and carried that any member of the Board of Health and the Secretary be empowered and authorized to close down any school in his division on the fresh outbreak of any infectious, contagious or communicable disease in his division.

It was moved and carried that Crosslynde School Board be requested to fumigate their school in those children who are quarantined; would be attending Crosslynde school after being released from quarantine. Carried.

It was moved and carried that the Board of Health recommend to each School Board; that each school be disinfected at least once every two weeks and thoroughly fumigated once a year.

The meeting then adjourned.

Card Of Thanks

The officers and members of the Chauvin Hockey Club wish to thank the Chauvin Orchestra who donated their services on Thursday evening last at the Hockey Club dance.

Roros Oyster Supper

A good crowd were present at the annual oyster supper held in the Roros school last Friday evening. The ladies had done marvels in the preparation of the viands, and the two large tables, twice filled, evidenced the keen enjoyment by all of the feast.

Messrs Knutson and Arlington contributed songs, and the Mathison boys the music for the dance. Oh that dance was such a merry one, that the crowd did not dismiss until five o'clock next morning.
